KiwiSport is a new government funding initiative to support sport for school-aged children launched by the Prime Minister on 11 August 2009

Purpose of *KiwiSport*:

- To increase the number of school-aged children participating in organised sport
- Increase the availability and accessibility of sport opportunities for all school-aged children
- Support children in developing skills that will enable them to participate effectively in sport

The Consultation Process:

The consultation programme will help Sport Bay of Plenty understand what opportunities exist to increase the number of school-aged young people participating in organised sport and how we can maximise the impact of Kiwisport funding by investing in the best of those opportunities
